NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

For the three and six months ended June 30, 2023

(All amounts in Canadian \$000's, except as indicated)

1. REPORTING ENTITY

Cleantek Industries Inc. ("Cleantek" or the "Company") is a public company trading on the TSX Venture Exchange ("TSXV") under the symbol CTEK. Raise was incorporated under the Business Corporations Act (Alberta) on December 23, 1993, as oilfield service company that focuses its efforts on the production service sector, utilizing its proprietary products to enhance and increase ultimate production in both conventional and unconventional horizontal oil and gas wells.

Cleantek's primary business is the manufacturing and rental of equipment to the oil and gas and construction industries in Western Canada and the United States.

On January 1, 2022 Apollo Energy Services Corp. and Horizon Oilfield Manufacturing Inc. were amalgamated into Cleantek.

The Company has the following subsidiary, incorporated and/or formed, each owned 100%, and consolidated in these financial statements:

Name of subsidiary	Jurisdiction of incorporation/formation
Apollo Lighting Solutions Inc.	Delaware, U.S.A.

The Company's principal place of business is located at Suite 3200, 500 – 4th Avenue SW, Calgary, Alberta, T2P 2V6.

2. BASIS OF PREPARATION AND GOING CONCERN

a) Statement of compliance

These unaudited condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standard 34, *Interim Financial Reporting*, and following the same accounting policies and methods of computation as the annual consolidated financial statements for the year ended December 31, 2022. These unaudited condensed consolidated interim financial statements are condensed as they do not include all of the information required by International Financial Reporting Standards ("IFRS") for annual financial statements and therefore should be read in conjunction with the Company's audited annual consolidated financial statements at December 31, 2022 which are available on SEDAR at www.sedar.com.

These unaudited condensed consolidated interim financial statements have been approved by the Board of Directors on August 3rd, 2023.

b) Going concern

These condensed consolidated interim financial statements have been prepared on a going concern basis, which contemplates the realization of assets and settlement of liabilities in the normal course of business as they become due.

In 2021, a competitor providing lighting solutions in North America initiated legal proceedings against the Company alleging patent infringement by Cleantek on a small fraction of the Company's installed HALO™ lighting units in the United States. The Company fully responded to the asserted claim and filed a counterclaim, which was expected to go to trial in October 2022. Legal costs incurred in 2022 for the patent litigation totaled \$3,430, which significantly impacted the Company's cash flows from operating activities and liquidity. At June 30, 2023, the Company had net current liabilities of \$8,196, including \$8,952

Cleantek Industries Inc.

of long-term debt maturing on October 31, 2023, and generated net losses of \$687 and \$507 for the three months and six ended June 30, 2023, respectively.

On November 21, 2022 The Company reached a settlement regarding the patent infringement with the competitor, with both parties vacating their lawsuits.

However, as a result of legal costs incurred in 2022 from the patent litigation, Cleantek required the support of its Canadian private debt lender in the near term to manage current cash flow restrictions caused by the patent litigation spend to allow time for the Company to generate sufficient cash flows to fund its operations. On October 1, 2022 the Company signed an amending agreement the Canadian private debt lender related to its Non-Revolving Term Facility that eliminated the requirement to make principal repayments from October through March 2023 to assist the Company in operational cash flow management. The Company will continue to require the support of the Canadian private debt lender as the Company seeks to find an alternate lender or obtains an extension of the maturity of the Credit Facilities, which mature on October 31, 2023. The Company has begun formal communications with the current lender to extend the credit facility. There is no certainty that the Company will be successful in obtaining credit facilities with alternate lenders or an extension of the maturity date with the existing Canadian private debt lender. The Company is budgeting that it will not have sufficient cash available to enable repayment of the Credit Facilities upon maturity on October 31, 2023.

Due to facts and circumstances noted above, there are material uncertainties that exist that may cast significant doubt with respect to the Company's ability to continue as a going concern. These financial statements have been prepared in accordance with generally accepted accounting principles applicable to a going concern, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business.

These financial statements do not reflect adjustments that would be necessary if the going concern assumption were not appropriate. If the going concern basis were not appropriate for these financial statements, then adjustments would be necessary in the carrying value of the assets and liabilities, the reported revenues and expenses, and the balance sheet classifications used. These adjustments could be material.

c) Basis of measurement and functional and presentation currency

These unaudited condensed consolidated interim financial statements have been prepared on a historical cost basis, except certain financial instruments which are recorded at fair value.

These unaudited condensed consolidated interim financial statements are presented in Canadian dollars, which is the functional currency of the Company, its wholly owned subsidiary, Apollo Lighting Services which has a US dollar functional currency.

d) Use of estimates, judgements and assumptions

The preparation of these unaudited condensed consolidated interim financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. These estimates and judgments are based on management's best understanding of current events and actions that Cleantek may undertake in the future. Actual results may differ from these estimates and judgments. Estimates and their underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which estimates are revised and for any future years affected.

Canadian Private Debt Term Facility

The Company has a senior-secured credit agreement with a Canadian private debt asset manager, which provides for:

- i. the non-revolving term facility in a maximum principal amount of \$7,500, in a single loan advance ("Non-Revolving Term Facility"); and
- ii. a revolving line of credit up to \$2,500 in one or more loan advances (the "Revolving Debt Facility", and together with the Non-Revolving Term Facility, the "Credit Facilities").

The Credit Facilities are for an initial term of 24 months, maturing on October 31, 2023, which may be extended for an additional 12 month period at the request of the Company with consent by the lender. On June 30, 2023, \$6,488 of the Non-Revolving Term Facility amount was drawn and outstanding (December 31, 2022 - \$6,846). As of June 30, 2023, \$2,500 has been drawn on the Revolving Debt Facility (December 31, 2022 – \$1,815). The availability limit calculated on the Revolving Debt Facility at June, 2023 was \$2,500, which provides an additional \$0 available to be drawn, which combined with cash on hand of \$656, provides for \$656 of liquidity for the Company. The Company will continue to require the support of its lender in obtaining its extension on the credit facilities, which mature on October 31, 2023, to maintain its liquidity position. Please refer to note 2(b) for future details.

The Non-Revolving Term Facility is subject to monthly scheduled repayments as follows: (i) interest only payments in the first 4 months; (ii) \$83 plus interest in months 5 to 8; (iii) \$108 plus interest in months 9 to 11; (iv) interest only in months 12 to 17; (v) \$120 plus interest in months 18 to 24; and (vi) the remaining balance on the Non-Revolving Term Facility and Revolving Debt Facility on October 31, 2023. The credit

agreement was amended on May 10, 2023 to updated repayment terms and those amendments have been reflected above.

The Credit Facilities bear interest equal to the greater of 9% per annum and a Canadian bank's prime rate plus 6.55%, payable on the last day of each calendar month. The Credit Facilities are secured by the assets of the Company and its subsidiaries. The Credit Facilities are subject to monthly financial covenants of: (i) maintaining a tangible net worth of at least \$1,000; and (ii) an interest coverage ratio of no less than 2:1. Tangible net worth is determined by taking total assets less the book value of all liabilities, excluding any subordinated debt, prepaid expenses, intangible assets and related party receivables. Interest coverage ratio is determined by taking EBITDA over total interest expense of funded debt on a rolling 6-month basis. EBITDA is defined as net earnings excluding interest expense, provisions for income taxes, non-cash items including depreciation and amortization and non-cash impairment charges, transactions costs related to the Private Placement and RTO and certain non-recurring expenses.

At June 30, 2023, the Company was in compliance with all debt covenants.

Customer Term Loan

In April 2018, Cleantek signed a ZeroE™ management agreement with an upstream oil and gas customer to manufacture, deliver and install a dehydrator ZeroE™ rental unit for the customer for a period of nine years (the "ZeroE™ Management Agreement"). In November 2020, this ZeroE™ Management Agreement was amended and restated to include a financing arrangement and to supersede and replace the earlier agreement in its entirety. In November 2020, a \$700 loan (the "Customer Loan") was advanced by the customer to Cleantek pursuant to the ZeroE™ Management Agreement and upon full installation and commissioning of this unit.

Under the terms of the ZeroE™ Management Agreement, the Customer Loan bears interest at a rate of 13.5% per annum, in arrears, compounded annually; 85% of monthly rental income invoiced by Cleantek to the customer will be applied to and be set off against the Customer Loan and accrued interest payable until such time as the Customer Loan has been fully repaid; is for a term of 9 years from installation of the unit; and as collateral security for the payment and performance of Cleantek's obligations under the ZeroE™ Management Agreement, the rental unit, as well as the Company's ZeroE™ technology is subject to a lien.

Cleantek evaluated the classification of the Customer Loan at inception under IFRS 16 Lease and made an assessment that it is an operating lease as the Customer Loan does not transfer substantially all of the risks and rewards incidental to ownership of the underlying asset. Cleantek recognizes lease payments received under operating leases as income on a straight-line basis over the lease term as part of revenue.

Cleantek Industries Inc.

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

For the three and six months ended June 30, 2023

(All amounts in Canadian \$000's, except as indicated)

During the three and six months ended June 30, 2023, \$43 and \$109, respectively (2022 - \$85 and \$130) of rental income was invoiced to the customer for dehydration facility services. Of the amounts invoiced, for the three and six months ended June 30, 2023, \$19 and \$70 (2022 - \$27 and \$41) was recognized as interest expense on the outstanding Customer Loan and included in finances costs, net in net loss and \$24 and \$39, (2022 - \$58 and \$89) was recognized as rental income. Of the amounts invoiced and recognized as rental income, a portion was applied to the outstanding Customer Loan as principal repayments of \$17 and \$23 for the three and six months ended June 30, 2023, respectively (2022 - \$45 and \$69).

Vendor Promissory Note

In January 2021, the Company entered into an agreement with one of its vendors to convert outstanding accounts payable balance of \$1,045 to an unsecured promissory note (the "Vendor Promissory Note"). The Vendor Promissory Note is (i) non-interest bearing; (ii) repayable at \$5 per month; and (iii) the Vendor Promissory Note matures on the earlier of a change of control, a liquidity event or on such earlier date as the Company has the financial liquidity to pay the principal amount.

The Company reclassified the amounts from current to long-term and fair valued the debt using the effective interest rate method. A gain of \$508 was recorded in December 2021 as a result of application of IFRS 9 as the Vendor Promissory Note bears an interest rate of zero. The fair value and resulting gain were based on the present value of future payments discounted at an interest rate of 9%.

7. SHARE-BASED PAYMENTS

a) Share-based incentive programs and payment plans

The Company has the following share-based compensation and payment plans:

Stock option plan (equity-settled)

The Company has established a stock option plan whereby the Company may grant stock options from time to time to employees, officers, directors, service providers and consultants of the Company to recognize the contributions made by individuals to the Company's growth and furnish an incentive to the future success and prosperity of the Company.

The aggregate number of the shares issuable under the terms of the plan shall not exceed 10% of the outstanding common shares at the date of grant. The exercise price of the stock options is determined by the Board of Directors. The stock options vest evenly over a period of three years and are exercisable for a period of five years from the grant date to purchase one common share for each stock option held.

During the quarter ended June 30, 2023 the Board of Directors cancelled all outstanding options that had been issued resulting in the remaining balance of the options being expensed.

Share warrants

In certain instances, warrants will be issued in conjunction with share issuances, referred to as a Subscription Unit. Each Subscription Unit entitles the equity holder to one share and one or one-half common share purchase warrant. The warrant allows the holder to purchase an additional one or one-half share at a stipulated exercise price for a period of 24 or 36 months. Warrants vest immediately on issuance.

Restricted share unit plan (equity-settled)

During 2022 The Company updated its equity based compensation plan including updating the terms of Restricted Share Units (RSU's) and Deferred Share Units (DSU's). Terms and vesting periods of RSU's and DSU's are determined by the board at the time of the grant.

On the vesting date, the RSU's and DSU's are redeemed and the Company issues one common share for each vesting RSU or DSU held by the employee or member of the board.

The fair value of the RSU and DSU is recognized over the vesting period and is based on the value at the date of grant.

During the three and six months ended June 30, 2023 1,045,000 and 1,395,000 RSU's, respectively, were granted to select members of management. The RSU's vest equally over a 3 year period from the grant dates and the fair value is based on the share price on the date the RSU's were granted.

During the three and six months ended June 30, 2023, 450,000 DSU's were granted to members of the board and vested immediately. The shares will be issued to the board members upon retirement. The fair value is based on the share price on the date the DSU's were granted.

Common shares issued in exchange for services rendered (equity-settled)

The Company may issue Cleantek common shares from time to time to service providers, vendors or consultants in exchange for services rendered to the Company, as determined by the Board of Directors.

9. DIRECT OPERATING EXPENSES AND GENERAL AND ADMINISTRATIVE EXPENSES

The Company classifies net income (loss) using the function of expense method, which presents expenses according to their function, such as direct operating expenses, and general and administrative expenses. This method is more closely aligned to the Company business structure and provides more relevant information.

Direct operating expenses or the cost of services and goods sold is comprised of direct operating costs, including salaries and wages and other labour costs; repairs and maintenance of equipment; transportation and mobilization costs of equipment to and from customers; and other direct operating expenses.

General and administrative expenses consist of salaries and wages, which includes labour and related benefits costs including bonuses and other related payroll benefits; professional fees, which include fees for consulting, legal, audit and tax services; and other general and administrative expenses.

The following tables provide additional information on the nature of the expenses:
